## PROFILE

Highly driven and detail-oriented MCA student dedicated to exploring and implementing emerging technologies for effective, real-world solutions. Technically proficient with practical experience in Python programming, efficient database design, and the core principles of web development. My strong analytical and problem-solving skills have been successfully demonstrated through comprehensive academic project work. Seeking an opportunity in a growth-focused professional environment to leverage my technical foundation and contribute meaningfully as a collaborative and adaptable professional.

## TECHNICAL SKILLS

- **Programming languages:**  
Python, Java, C++, C
- **Web Development:**  
HTML, CSS, JavaScript, PHP
- **Database:**  
MySQL, MongoDB
- **Version Control:**  
Git
- **Productivity Tools:**  
MS Office(Word, PowerPoint)
- **IDEs:**  
VS Code, Android Studio, Jupiter Notebook
